

Legacy

Homeschool Center

A homeschool co-op

P.O. Box 3325, Redmond, WA 98073-3325

Web site: www.legacyhc.org

Our Mission Statement

In order to further equip parents, who are ultimately accountable for the instruction and training of their children, the mission of Legacy Homeschool Center is to establish a Christian homeschool cooperative that would endeavor:

For Parents: To provide academic instruction, which would enhance their effort as they fully accept the biblical responsibility to "train up a child in the way he should go." (Proverbs 22:6)

*For Children: To provide excellent academic instruction from a Biblical Christian worldview ~To inspire a love for learning~
~To equip them to think clearly, concisely, and critically with character reflecting that of our Lord, Jesus Christ. (1 Cor. 8:1b)*

Welcome to our 14th year of homeschool enrichment!

Legacy is designed to offer homeschool enrichment electives to parents who are homeschooling in the state of Washington under the Home-Based Instruction law, RCW 28A.200.010. We meet Thursdays, September through June (see schedule for specific dates), at Overlake Christian Church, located at 9900 Willows Rd. NE, Redmond, WA.

The instructors determine the course content, materials, and cost of each class. All instructors are required to sign and be in agreement with our Statement of Faith and Mission Statement (available upon request). Parents are welcome and highly encouraged to attend classes with their children.

Legacy Homeschool Center does not employ instructors. They are under the employ of the families who have a student attending his/her class. For this reason, we do not pay the teachers; you, the parents, pay the teachers directly through a facilitator. The Board does, however, maintain supervisory authority. School District funds may not be used to pay for tuition, fees, and/or registration, or for the reimbursement thereof.

We cannot guarantee you will get the class(es) you request; however, each full class will maintain a waiting list.

All parents are required to:

- ◆ Fulfill an assigned job, and be available to provide additional assistance if needed.
- ◆ Remain within Legacy boundaries the entire time your children are at Legacy.
- ◆ Pay tuition for classes on time.
- ◆ Submit a copy of the declaration of intent to homeschool by 9/22/11 for each child in your family aged 8 and older who is attending Legacy.

Failure to fulfill these requirements will jeopardize your privilege to participate in this co-op.

Nan Graf, Facility Liaison

Kristy Roberts, Teacher Liaison

Marcia Harper, Jobs Director

Evelyn Hommas, Facilitator Director

Lisa Mott, Database Director

Shawna Powell, Registration Director

Class Schedule 2011-2012 (revised 7/18/11)

8:30 AM - 10:00 AM CLASSES**High School Biology – Rhonda Zeuschel****Grade:** 9 - 12**Class Size:** 8 to 16**Cost:** \$40 monthly, \$80 materials**Text:** Biology with Laboratory Exercises for Christian Schools, BJUP, 3rd Ed (Vol. A&B)**Prerequisites:** 9th graders MUST have completed physical science**Description:** This course provides a more advanced approach to Biology as the first semester focuses on biochemistry, microbiology, and biotechnology. The second half of the course does include the familiar topics of botany, zoology, and human anatomy. College format for laboratory reports will be taught. Class time includes weekly quizzes, multimedia enhanced lectures, and a lab which reinforces the topic. While lectures are presented to introduce the material, students are expected to learn the text material at home to facilitate labs during class. Biochemistry and microbiology labs include: DNA extraction, gel electrophoresis (DNA fingerprinting), transformation of bacterial DNA, and use of microscopes for cytology and microbiology. Zoology labs include skeletal remains identification, eye, heart and brain dissections, as well as invertebrate, frog, and fetal pig dissections. Homework will take 4-8 hours per week - no late work accepted - students must maintain a passing grade to remain in class.**Latin HS II/III – Deborah Langley****Grade:** 9 - 12**Class Size:** 7 to 15**Cost:** \$18 monthly, \$20 materials**Text:** varies by level - Wheelock's 6th ed. revised; Workbook for Wheelock's Latin 3rd ed. revised; English Grammar for Students of Latin; 501 Latin Verbs; Comprehensive Guide to Wheelock's Latin; plus readers: 38 Latin Stories; Duces Romanorum, Love Poetry**Prerequisites:** Latin HS I**Description:** HS II/III will be a one and one half hour class with 45 minutes teacher instruction time and 45 minutes of supervised translation lab work with TAs. Level II will be considerably more aggressive than HS I. Students should be prepared to do 6-7 hours of homework a week. We will work through 23 chapters of Wheelock's Latin. HS III will take Latin enthusiasts through Wheelock's chapters 24-40. This aggressive completion of Wheelock will be followed by in class and at home translations of classical Latin excerpts of prose and poetry. Students should be prepared to do 6-7 hours of homework a week. Students of both Latin HS II and III will be encouraged to take the National Latin Exam in March and preparation for the exam will be part of the course study including assigned reports. Students should purchase required texts and books and complete the first lesson prior to first class. Complete text lists and first assignment will be supplied by the teacher following registration.**9:00 AM - 10:00 AM CLASSES****Adventures In Art 2 – Rita Rothlisberger****Grade:** 4 - 7**Class Size:** 7 to 20**Cost:** \$25 monthly, \$80 materials**Text:** Personal supplies of \$30 or less**Prerequisites:** Some previous art instruction is helpful but not required**Description:** For the student who already knows the basics and desires a more in-depth study in the field of art. Students will learn to use a variety of mediums such as tempera, watercolor, pastel, acrylics, collage, clay and colored pencil. Projects will focus on composition, depth, balance, focal point, and color. Students will study the works of fine artists of the past as well as the present. They will explore the different art styles and gain confidence as they discover their own personal style of art expression. All materials for the classroom will be provided in the materials fee. There will be very little homework.**Biblical Science – Terry Brenna****Grade:** 1 - 3**Class Size:** 12 to 25**Cost:** \$20 monthly, \$32 materials**Text:** Provided by teacher**Prerequisites:** None**Description:** Romans 1:18 tells us God has revealed His invisible attributes, His eternal power and His divine nature to mankind through His creation of the world. Using the creation week as our outline, we'll embark on an exciting adventure to learn more about God through science. With demonstrations, hands-on exploration and application of His word, we'll discover ways to use this information to glorify Him and concurrently lay the foundation for future science study. Although no homework is required, all students are encouraged to keep and review a science notebook. Activities for further enrichment outside of class time will be suggested.**Character First! 1 And 2 – Carrie Myers and Allison Hurst****Grade:** 1 - 5**Class Size:** 7 to 25**Cost:** \$20 monthly, \$45 materials**Text:** Provided by teacher, Character First! Education Curriculum**Prerequisites:** None - Qualities are taught on a two year rotation thus different from last year.**Description:** Children at the elementary level are at one of the most impressionable times in their lives, thus it is important to instill a good grasp of godly character at this age so it can guide them throughout life. There are eighteen character qualities which are taught using stories from Scripture, nature, and history, while fun songs, crafts, games, and more add to the enjoyment. Each child receives a 3-ring binder and beautifully illustrated trading cards for each quality, complete with character definitions and ways of implementing the qualities. Parents will receive an 8 1/2 x 11 poster, a table topper, and Parent Previews for each character quality to help reinforce the teachings at home. Awards are given for memorization of character definitions and applications

9:00 AM - 10:00 AM CLASSES**Digital Photography: Capture It! – Rhonda Sather****Grade:** 8 - 12**Class Size:** 8 to 25**Cost:** \$25 monthly, \$30 materials**Text:** None**Prerequisites:** Each student will need access to a digital camera 4.0 megapixels or larger (point and shoot, or DSLR), and the camera's User Manual. The camera needs to be available to bring to each class.**Description:** In this class we will learn camera operation, types of light, composition, exposure, rules of the trade and photograph presentation. We will also go over many techniques and composition elements that make all the difference in a striking photograph. Students will have time in class to explore the new concepts, ask questions and work with their cameras. We will have regular assignments to be completed as well. Student will also need to be able to print some of their pictures for assignments due (like at Costco photo). At the end of this class each student will have a portfolio showing their own style of 'capturing' their world.**Down To Earth (Formerly Navigating The Culture/Naturalism)
– Steve Carrier****Grade:** 9 - 12**Class Size:** 10 to 25**Cost:** \$20 monthly, \$10 materials**Text:** Provided (students build their own workbook)**Prerequisites:** Curiosity**Description:** This is a remodeled course that follows the basic theme of Navigating the Culture of Naturalism. The difference is an emphasis beyond the discussion of 'naturalism' vs. 'creation'; and centers on making sure the student is confident in his origin, identity, destiny, value and purpose. This class explores the current dominant culture of Naturalism (secular materialism) and associated evolutionary studies. Students learn the foundational arguments of the naturalistic culture, and more importantly, the student learns how to answer these arguments using disciplined science and logic. Creation Science is emphasized, and students are introduced to that place where physics meets metaphysics, where we discover the imprint of creation in the natural realm. Moreover, the students are encouraged to learn the meaning of this imprint and how we should be using it to enlarge the Kingdom of God.**Experiencing Art With Judi, Grades 6-12 Beginning – Judi Byrne****Grade:** 6 - 12**Class Size:** 5 to 16**Cost:** \$30 monthly, \$80 materials**Text:** None**Prerequisites:** Portfolio for transporting art. No experience required.**Description:** The objective is to introduce students into the world of art. They will experience the joy of trying different mediums, different papers, pencils, brushes, famous artists of the past, their styles and techniques, the world of color, and ways to explore the usage of line, texture and space. They will draw, paint, and create a paper mache sculpture. I explain and demonstrate each project, and give one on one support as time allows. I create a fun and friendly environment with soft classical music and a friendly personality. Projects can take from 1 week to several, depending on steps, and complexity. I try to have two art shows a year.**9:00 AM - 10:00 AM CLASSES****Geometry – Kristine Grigas****Grade:** 9 - 12**Class Size:** 8 to 18**Cost:** \$28 monthly, \$15 materials**Text:** Geometry: Seeing, Doing and Understanding, 3e, Harold R. Jacobs, ISBN: 0-7167-4361-2 and the Enhanced Teacher's Guide, ISBN: 07167-5607-2**Prerequisites:** completion of Algebra I, optional placement test available from instructor**Description:** This course is a study of traditional Euclidean Geometry. The student will become familiar with both plane and solid figures. The properties of these figures will be studied through the use of definitions, postulates, and theorems. Geometry uses proofs to build logic skills and analytical thinking.

This text includes high-interest, real-world exercises and humor to capture the students' interest and help them understand applications of what they are learning. A firm foundation in geometry is essential in further mathematical study and can help increase the appreciation of our world and our Creator.

Expect 5-6 hours coursework/week including daily lessons and tests. Tests will be provided by the instructor. Course grades given based on homework, tests, and class participation.

Books can be purchased used or from publisher.

Gym 2-3 – Marnie Lum**Grade:** 2 - 3**Class Size:** 16 to 24**Cost:** \$20 monthly, \$20 materials**Text:** None**Prerequisites:** None**Description:** Physical Fitness is important for everyone. God created our bodies and we need to take good care of them. This class is intended to get your home schooler moving! During class we will do: warm ups/stretching/movement, calisthenics/exercises/strength building, cooperative learning games/relays, coordination development, sports skill building and more. Emphasis will be on: having a Christ like sportsmanship attitude, participation, friendly competition and having fun. The main goal is to encourage a life-long love of physical activity. This class will overlap and share the gym with the Gals Only P.E. class. This will give the Gals leadership opportunities to work with younger kids and for the kids to have some great role models. Note: During some of the units, students may be asked to bring sports equipment from home if they have them. Ex. jump rope, volleyball, basketball etc.

Students should wear comfortable clothes, gym shoes and can also bring a plastic water bottle, with name labeled, to drink during break time.

9:00 AM - 10:00 AM CLASSES**Hands-On Equations – Denise Sumner****Grade:** 3 - 6**Class Size:** 5 to 20**Cost:** \$25 monthly, \$40 materials**Text:** All materials supplied by teacher; includes binder and kit**Prerequisites:** Basic arithmetic

Description: Would you like your child to have an advantage when he/she takes Algebra? Hands-On Equations is a program designed to introduce younger children to concepts usually not introduced until Algebra. The program uses manipulatives to teach students to solve equations and verbal problems. Once concepts are mastered, students transition to the traditional "paper and pencil" approach to solving equations. This method strengthens the student's understanding of algebraic concepts, problem solving and mental math skills, all while having fun.

Students must have a firm understanding of adding, subtracting and basic multiplying/dividing skills. Most work will be done during class. Homework will be up to 45 minutes per week depending on student's pace.

HS Spanish I – Fabiola Cripe**Grade:** 9 - 12**Class Size:** 10 to 20**Cost:** \$20 monthly, \$50 materials**Text:** Provided by teacher**Prerequisites:** None

Description: Spanish 1 will present the basics of the Spanish language. The student will learn greetings, verb conjugations, basic vocabulary, pronunciation and grammatical structures at a High School level. The student will develop reading and conversational abilities. The material emphasizes understanding and practical application rather than rote memory. Through listening, speaking, reading and writing exercises student will learn to listen to, speak, read and write Spanish, along with focusing on the usage of correct grammar. Homework 2 to 3 hours a week

Intro To Public Speaking – Jacob Goetze**Grade:** 7 - 12**Class Size:** 15 to 25**Cost:** \$20 monthly, \$10 materials

Text: The Art of Public Speaking by Stephen E. Lucas. It's an expensive textbook so I suggest purchasing OLDER EDITIONS. Anything from the 5th edition up is acceptable.

Prerequisites: None

Description: My objective is to introduce students to the art of public communication. We will dissect the elements of common communication and identify the skills needed to design, develop, and deliver a speech to a live audience. Every student will have the opportunity to give an informative, persuasive, inspirational, impromptu, and testimonial speech. We will also have professional guest speakers demonstrate the art and share practical tips into the world of speech. My goal is to provide a safe environment for every student to develop the confidence and skills needed to be successful in the area of public speaking.

9:00 AM - 10:00 AM CLASSES**Preschool Music – James Jensen****Grade:** PS (age 3) - K**Class Size:** 10 to 20**Cost:** \$22 monthly, \$35 materials**Text:** None**Prerequisites:** Potty Trained

Description: The Preschool Music class has been a great opportunity for preschool children to learn new songs that not only entertain but teach them about Jesus. These songs are led by Pastor Jim playing the guitar, and puppets, rhythm instruments, and games, coloring and crafts are used to help them to enjoy learning.

Responding To Literature – Susan Dix**Grade:** 7 - 9**Class Size:** 10 to 15**Cost:** \$20 monthly, \$10 materials**Text:** list to be provided**Prerequisites:** Students should be strong readers

Description: So many good books, so little time! This class is designed to introduce the rudiments of critical reading, discussion, and analytic skills to the pre-high school student. Using a variety of engaging and well-known works of literature, we will hone discussion skills and learn the basics of writing literary analysis. Strong reading skills are recommended, as all reading will be done outside of class time. Parents are encouraged to be familiar with the books read in order to discuss possible subject matter with their students. The titles we read will vary each year, but possibilities and past works include: The Yearling, Roll of Thunder Hear My Cry, Johnny Tremain, And Then There Were None, Summer of My German Soldier, The Prince and the Pauper, and various short stories, and poems.

Shurley Grammar 3rd-4th – Teresa Olsen**Grade:** 3 - 5**Class Size:** 10 to 23**Cost:** \$20 monthly, \$30 materials**Text:** Shurley Grammar Level 4 - Teacher to provide**Prerequisites:** Student must be a strong reader.

Description: A solid understanding of grammar is useful for improving writing skills and learning a foreign language. Shurley Grammar is an extremely effective program for the acquisition and retention of grammar concepts. Chants and jingles are used to learn the parts of speech, their function and how to locate them in a sentence. Punctuation, capitalization, editing, synonyms/antonyms will also be taught. Grammar is often dry and boring, but this program adds fun to the memorization and application of the concepts. Parental attendance is encouraged, especially for the first 3 - 4 weeks of class. Students can expect 15 - 30 minutes of daily homework.

9:00 AM - 10:00 AM CLASSES**Spanish For You A – Susy Monroe****Grade:** 3 - 5**Class Size:** 12 to 20**Cost:** \$25 monthly, \$35 materials**Text:** None**Prerequisites:** None

Description: Come join us as we learn Spanish through games, songs, activities and constant review. Spanish is the second most spoken language in the world, and learning it can be fun. Students will be introduced to spoken and written Spanish. The vocabulary will be different than last year's, with some review of most used words, and will include colors, numbers, transportation, animals, telling time, and much more. We will learn everyday conversation through dialog. I will include Bible verse memorization. Computer games will be sent almost every other week so the student will practice what was learned at class. We will have a points chart and a "tie nda" (store) around four times a year, to encourage practicing at home. Homework: around 30-45 min. a week, and as much as you want to spend listening, reviewing, playing, and reading this beautiful language.

Transferable Cross Training: Apologetics – Karl Payne**Grade:** 9 - 12**Class Size:** 12 to 50**Cost:** \$22 monthly, \$8 materials**Text:** Provided by teacher**Prerequisites:** A desire to be challenged, and a willingness to apply what you have learned.

Description: This class on apologetics deals primarily with answering questions raised by friends or foes regarding our Christian faith (1 Peter 3:15). Students are challenged to engage in conversations rather than run from them, and will be trained how to do so, in a clear, transferable, biblically based fashion. Topics examined will include, but not be limited to: The Deity of Christ, Liar, Lord or Lunatic, Arguments for and against the Resurrection, Exploring the Kingdom of the Cults, Understanding Islam, The Authenticity and Reliability of the Bible, Exposing the Jesus' Seminar, Evolution/Creation, Decoding the Da Vinci Code Fraud, Examining New Tolerance and Exposing the self-defeating suppositions of Cultural Relativism, Conventional Relativism and Individual Relativism.

World Geography - Eastern Hemisphere – Susan Kelley**Grade:** 7 - 9**Class Size:** 10 to 20**Cost:** \$20 monthly, \$25 materials**Text:** Provided by teacher**Prerequisites:** None

Description: What a big world we live in! This is a two year rotational class with the Western Hemisphere the following year. In this class, we'll take a look at the eastern world and learn how and why borders have changed throughout history. This will include wars, climate changes, political and social needs. We will also learn basic map skills and how to use various maps. Learning will be through class discussions, lecture, activities and homework assignments. Each student will be provided with a world map and a notebook. Homework will consist of some book/internet assignments and some research projects. Homework should average about 2 hours per week. This is a graded class with grades based on class participation, homework and tests. Library and internet access will be necessary to complete some homework assignments.

9:00 AM - 10:00 AM CLASSES**Writing With Style 6-8 – Kimberly Williams****Grade:** 6 - 8**Class Size:** 12 to 20**Cost:** \$23 monthly, \$24 materials**Text:** 3-ring binder, subject dividers, and thesaurus required**Prerequisites:** A basic understanding of grammar is required

Description: During the course of the year, this writing class will incorporate several writing styles and techniques. The class will include: several poetry forms, improving and expanding sentences and paragraphs by employing various style techniques, narrative writing, various outlining styles, basic research papers (including note taking techniques), some essay writing, and more. There will be a homework assignment each week. The 6th-8th grade class has higher expectations and moves at a faster pace than the same class offered for grades 4th-6th. Students registering outside grade levels MUST have prior teacher permission. The 6th-8th grade students will receive grade reports twice during the year. Homework: approximately 3-4 hours per week. It is strongly recommended that students work with a quality grammar program while taking this class.

10:10 AM - 11:10 AM CLASSES**Academic Writing – Jenny Holmes****Grade:** 9 - 12**Class Size:** 10 to 25**Cost:** \$25 monthly, \$25 materials**Text:** Teacher will provide classroom materials and resources.**Prerequisites:** None. Class repetition encouraged.

Description: Writing is like math - it has structure, but writing is not like math because it's subjective. This course's aim is to provide students with the structure and feedback needed to be successful writers. It has three goals: teach students how to systematically write a basic five paragraph essay; supply them with tips to improve their writing; and give them practice through a variety of assignments. Essays introduced include expository, persuasive, literary analysis, opinion editorial, a college admissions essay, and the SAT essay. Each year is unique and will cover different essay topics. Coursework includes: lecture, note taking, vocabulary study, writing, peer editing, review quizzes, and homework assignments. This class may qualify as a high school English credit when literature is done at home.

Homework: Approximately 30-60 minutes a day depending on the assignment.

Questions and/or a class syllabus: pej1985@comcast.net

10:10 AM - 11:10 AM CLASSES**Adventures In Art 3 – Rita Rothlisberger****Grade:** 7 - 10**Class Size:** 7 to 20**Cost:** \$25 monthly, \$80 materials**Text:** Personal supplies \$30 or less**Prerequisites:** Some previous art instruction is helpful but not required.**Description:** For the student who already knows the basics and desires to continue a deeper depth of study in the field of art. This class will focus on color as we use a variety of mediums such as tempera, watercolor, pastel, acrylics, collage, clay, and colored pencil. Projects will focus on detail, technique, composition, depth, balance, focal point, colormixing, and color schemes. Students will study the works of fine artists of the past as well as the present. They will explore the different art styles from other countries and cultures, and discover their own personal style of art expression. All materials for the classroom will be provided in the materials fee. There will be very little, occasional homework.**Beginning Guitar – James Jensen****Grade:** 6 - 12**Class Size:** 10 to 20**Cost:** \$22 monthly, \$35 materials**Text:** Supplied**Prerequisites:** None**Description:** Beginning Guitar will teach students the basics of playing the guitar, even if they have not had previous experience playing an instrument. Chords, as well as some note reading and tabs will be learned and before long they will be playing a number of songs. The goal is that they will play the guitar for personal enjoyment as well as to minister to others. A variety of children's songs, praise songs, etc. will be learned. An instruction book, notebook, and hand-outs will be supplied. The student needs to bring an acoustic guitar to class.**Biblical Science – Terry Brenna****Grade:** 4 - 6**Class Size:** 12 to 25**Cost:** \$20 monthly, \$32 materials**Text:** Provided by teacher**Prerequisites:** None**Description:** Romans 1:18 tells us God has revealed His invisible attributes, His eternal power and His divine nature to mankind through His creation of the world. Using the creation week as our outline, we'll embark on an exciting adventure to learn more about God through science. With demonstrations, hands-on exploration and application of His word, we'll discover ways to use this information to glorify Him and concurrently lay the foundation for future science study. Although no homework is required, all students are encouraged to keep and review a science notebook. Activities for further enrichment outside of class time will be suggested.**10:10 AM - 11:10 AM CLASSES****Continuing On The Writing Road To Reading – Heidi Frank****Grade:** 1 - 3**Class Size:** 7 to 20**Cost:** \$20 monthly, \$25 materials**Text:** None**Prerequisites:** able to hold a pencil and write uppercase letters**Description:** As we continue on the Writing Road to Reading, students will continue their mastery of the 70 phonograms of the English language. We will go further into the spelling list, and will focus on mastering the more difficult phonograms not mastered in the first Writing Road to Reading class. We will begin using our spelling words to make sentences and paragraphs, and learn the basics of grammar and sentence structure. We will also read excerpts from quality literature together and focus on authors purpose and comprehension techniques. This will continue the multi-sensory approach to Language Arts on a more advanced level than the first class. Homework will include practicing phonograms both written and orally, practicing spelling words, and completing homework assignments given. If students were not in the first Writing Road to Reading class, parents should contact me to get the phonogram cards and work on mastering the first 45 before the class begins in September.**Creative Kids – Laurie Werre****Grade:** PS (age 3) - K**Class Size:** 7 to 12**Cost:** \$24 monthly, \$40 materials**Text:** None**Prerequisites:** Potty Trained**Description:** This fun class for pre-school aged children will focus on themes of interest to them. Some examples include: friends, apples, leaves, pumpkins, thankfulness, Christmas, snow and cold, dinosaurs, space, rainbows, bugs and seashore.

We will utilize picture books, sensory materials, puzzles, games, paint, crafts and more to keep your child engaged and learning about the world around them. An added bonus to the parent is an hour to attend your older children's classes. No homework required.

Draw & Sketch: Intro – Michael McDevitt**Grade:** 6 - 12**Class Size:** 10 to 16**Cost:** \$35 monthly, \$75 materials**Text:** Personal Supplies \$60**Prerequisites:** None**Description:** This class is an introduction to formal processes of creating realistic art. Basic understanding of light and form will be grasped through exercises in drawing with various media, including pencil, charcoal, and ink. The emphasis will be on improving observation, editing, and motor skills applied to drawing real world objects. Design and composition will be underscored. Craftsmanship will be stressed throughout. Homework will be assigned weekly. This class will be very useful to any student wishing to draw realistically.

10:10 AM - 11:10 AM CLASSES**Earth Science – Rhonda Zeutschel****Grade:** 7 - 8**Class Size:** 12 to 20**Cost:** \$35 monthly, \$50 materials**Text:** Earth Science for Christian Schools, 2nd Ed; BJUP OR Space and Earth Science 3rd Ed; BJUP**Prerequisites:** None

Description: Explore the wonders of God's creation through this Jr. High level course in Earth Science. The course closely follows the Bob Jones curriculum as it covers Astronomy, Meteorology, Geology, and Oceanography. Additional supplemental materials on plate tectonics, volcanism, and earthquakes are presented as they can have a significant impact on our lives in Western Washington. Class time is a mix of multimedia based lectures and hands-on experimentation. The purpose of this class is to provide information and experimentation to complement the text in order to make the subject interesting and enjoyable. Homework is expected to take 1-2 hours per week as students are expected to read the text at home and complete homework assignments on the reading. Students are expected to procure their text - either text is acceptable.

Experiencing Art With Judi, Grades 3-6 Beginning – Judi Byrne**Grade:** 3 - 6**Class Size:** 5 to 16**Cost:** \$30 monthly, \$80 materials**Text:** None**Prerequisites:** Portfolio to transport artwork. No experience necessary.

Description: This is a fun, innovative class. Students learn to work in a variety of mediums. I choose from watercolors, acrylics, pastels, paper mache, pencils, w.c. crayons, and ink. I teach about famous artists of the past, their techniques, styles, and differences in brushes, paper, etc. I demonstrate and explain each project, and work one on one with the students as time allows. There will be times when I do a guided drawing with them, and times when they will choose their subject and work independently. I encourage imagination, and trying new things. Projects can take from 1 week to many weeks depending on the complexity of the project.

Exploring Words – Carrie Myers And Allison Hurst**Grade:** 2 - 4**Class Size:** 10 to 25**Cost:** \$20 monthly, \$38 materials**Text:** "Exploring Words" by Carrie Myers. (Teacher provides notebook and materials.) Greek and Latin cards made in class**Prerequisites:** Basic reading and handwriting skills

Description: Discovering how words are put together and learning their origins is fun! This class gives children the tools to determine the pronunciation, spelling and meaning of new words they encounter. We will focus on structural analysis of words by studying syllabication, pronunciation, spelling rules, prefixes, suffixes, dictionary skills, and Greek and Latin roots. Each student receives a 3-ring binder. My curriculum includes reference pages to help study at home and a weekly five page homework packet (15 minutes daily). They will write a set of Latin and Greek cards to help them understand the roots and how they are used as building blocks of English words. 'Scholar Dollars', 'Class Participation Coupons', and 'Character Coupons' given to spend in a 'store' every 5-6 weeks provides encouragement

10:10 AM - 11:10 AM CLASSES**Introduction To British Literature – Shelly Pearson****Grade:** 9 - 12**Class Size:** 5 to 20**Cost:** \$20 monthly, \$20 materials**Text:** Specific book list to be provided in August**Prerequisites:** Students should be able to write a standard essay

Description: British literature has left a profound mark on the western world and Britain's authors continue to influence and entertain us today. This class is an introduction to the world of British literature and is geared toward the high school student wanting to get an overview. Students will learn to read critically and will analyze each work in terms of themes, worldview, imagery, style, and character development. Students will be assigned weekly reading and will be expected to participate actively in class discussions. Assignments include papers (1-3 pages in length), in-class essays, study questions, and tests. Possible authors include Wilde, Dickens, Wells, Tolkien, Kipling, Doyle, Lewis, Pratchett, and others.

Introduction To Programming – Denise Sumner**Grade:** 9 - 12**Class Size:** 5 to 20**Cost:** \$25 monthly, \$25 materials**Text:** Materials supplied by teacher; student must have a laptop capable of running Visual Basic Express.**Prerequisites:** Basic computing experience and Algebra 1 or equivalent

Description: Have you ever wanted to know more about how your computer works and maybe learn how to write a computer game? This class will introduce you to the basic building blocks used in making a computer do what it does. We will use Visual Basic Express to explore beginning concepts in computer programming and design. This class is for the high school student who understands the algebraic concept of variables, and has little or no programming experience. Expect 2-4 hours homework each week with class time used for demonstrations and introduction of new concepts. Students must be comfortable with the basic operation of a computer. A laptop running Windows and Visual Basic Express is required.

Latin HS I – Deborah Langley**Grade:** 9 - 12**Class Size:** 7 to 22**Cost:** \$15 monthly, \$25 materials**Text:** Provided by teacher**Prerequisites:** Latin MS II or permission

Description: A continuation of Latin MS II, students will learn Third Declension nouns, Third and Fourth Conjugation verbs and how to form twelve tenses (indicative: active and passive) of verbs. Emphasis will be on grammar, vocabulary and translation.

10:10 AM - 11:10 AM CLASSES**Pee Wee PE – Luke Frank****Grade:** PS (age 4) - 2**Class Size:** 7 to 16**Cost:** \$16 monthly, \$20 materials**Text:** None**Prerequisites:** Must be four years old

Description: This class will be a great way for your younger children to work on gross motor skills, hand-eye coordination, and development of rule following, and the basic understanding of sports and movement. We will practice catching, throwing, dribbling, running, relays, stretching, and have a great time releasing energy as we do. We will emphasize following directions as it relates to athletics and work on sportsmanship and positive attitudes as well as emphasizing teamwork. We will do all of these activities through fun and engaging games that will allow skills to be developed in a non-competitive environment. This will allow your children to develop a love for activity and movement that will nurture them emotionally, mentally, and spiritually as well as physically.

Pre-Algebra – Kristine Grigas**Grade:** 7 - 12**Class Size:** 8 to 18**Cost:** \$28 monthly, \$15 materials**Text:** Abeka Pre-Algebra workbook, Code #: 25763, Pre-Algebra Teacher's Key, Code #: 25771, Pre-Algebra Test and Quiz book, Code #: 2578X**Prerequisites:** Arithmetic, 7th grade level

Description: Pre-algebra starts with a review of arithmetic topics, broadening many topics to include multiple approaches to a solution. The main portion of the text is devoted to the introduction of algebra and related topics, including scientific notation, geometry, statistics, and trigonometry. Problem-solving strategies help the student apply mathematical skills to word problems. Students will build confidence in their mathematical potential as they successfully work in advanced topics. This course gives solid traditional preparation to equip students for success in their future algebra studies.

Expect 4-5 hours/week on lessons and tests. Students complete daily lessons then correct using the teacher key. Parents administer tests which will be corrected by the instructor. Course grades given based on homework, tests, and class participation. Books can be purchased at Abeka.com.

SAT Prep – Alexandra Clark**Grade:** 10 - 12**Class Size:** 10 to 20**Cost:** \$25 monthly, \$45 materials**Text:** Provided by teacher**Prerequisites:** Algebra 1

Description: This is a review class for taking the SAT college entrance exam. The class will focus on the verbal, writing and math skills needed for the exam along with test taking strategies. It is a great overall review of basic academic skills before going on to college. Many prior students in this class have improved their overall test scores by as much as 300 points. There have been several students who have gone on to earn the National Merit Finalist or Commended designations when they have taken this class prior to taking the PSAT. Homework will require 3-4 hours per week.

10:10 AM - 11:10 AM CLASSES**Shurley Grammar 5th - 6th – Teresa Olsen****Grade:** 5 - 7**Class Size:** 10 to 23**Cost:** \$20 monthly, \$30 materials**Text:** Shurley Grammar Level 6 - Teacher to provide**Prerequisites:** None

Description: A solid understanding of grammar is useful for improving writing skills and learning a foreign language. Shurley Grammar is an extremely effective program for the acquisition and retention of grammar concepts. Chants and jingles are used to learn the parts of speech, their function and how to locate them in a sentence. Punctuation, capitalization, editing, synonyms/antonyms, etc. will also be covered. Grammar is often dry and boring, but this program adds fun to the memorization and application of the concepts. Parental attendance is encouraged, especially for the first 3 - 4 weeks of class. Students can expect 15 - 30 minutes of daily homework.

Strength And Conditioning – Greg Wise**Grade:** 9 - 12**Class Size:** 8 to 12**Cost:** \$25 monthly, \$30 materials**Text:** None**Prerequisites:** None

Description: To improve aerobic capacity, muscular strength, endurance and flexibility. Aerobic conditioning will primarily be done by outdoor running, muscular strength will be achieved through weight training and floor exercises. Muscular and cardiovascular endurance will be increased through supersetting and circuit type training. Flexibility will be enhanced through a series of active and static stretching. It is strongly recommended that students perform aerobic and resistance type training an additional 3-4 days per week to achieve optimal results and to prevent injury. Exercise routines that can and should be done at home will be covered as well as learning how to journal workouts. An assessment will be done at the beginning of the year and at the end to see how overall fitness improved during the school year. Grades will be given every 3 months and will be awarded by consistency of journaling workouts not by how well student performs exercises.

U S History – Kirby Wilbur**Grade:** 8 - 12**Class Size:** 25 to 40**Cost:** \$25 monthly, \$0 materials**Text:** America The Last Best Hope, by William Bennett, 2 Volumes.**Prerequisites:** None

Description: We will study the history of the United States from a Christian worldview perspective. I think Bill Bennett's text is the best on the market, and it has an extensive online support system available for around \$10.00 annually. Grades will be based on tests and one paper per semester. Students should plan to study roughly one hour a day, separate from paper preparation. The texts are available in paper or hardback. Parents should plan on one meeting this year to go over the online support system. The War of Independence, adoption of the Constitution, Civil War, WWII and the Cold War are periods which will be emphasized. The theme of American exceptionalism will be stressed.

10:10 AM - 11:10 AM CLASSES

Writing With Style 4-6 – Kimberly Williams

Grade: 4 - 6

Class Size: 12 to 20

Cost: \$21 monthly, \$24 materials

Text: 3-ring binder, subject dividers, and thesaurus required

Prerequisites: A basic understanding of grammar is recommended

Description: During the course of the year, this writing class will incorporate several writing styles and techniques. The class will include: several poetry forms, improving and expanding sentences and paragraphs by employing various style techniques, writing narratives, various outlining styles, basic research papers (including note taking techniques), and more. There will be a writing homework assignment each week. Homework: approximately 2 to 3 hours per week. It is recommended that students work with a quality grammar program while taking this class. Students outside specified grade levels MUST have prior teacher permission to register. This level is a great option for 6th grade students who are not ready for the more rigorous 6th-8th grade class.

11:20 AM - 12:20 PM CLASSES

Algebra I – Kristine Grigas

Grade: 8 - 12

Class Size: 8 to 18

Cost: \$28 monthly, \$15 materials

Text: Algebra I: Expressions, Equations, and Applications, Paul Foerster, ISBN: 0-201-86094-5 or 0-201-32458x, Solution Manual, ISBN: 0-201-86100-3

Prerequisites: completion of pre-algebra, optional placement test available from instructor

Description:

This is a challenging Algebra I course that lays the foundation for all higher mathematics. It provides the mathematical understanding to operate with concepts at an abstract level. Topics covered are: algebraic expressions and equations, negative numbers, the quadratic equation, inequalities, polynomials, exponents, radicals and quadratics. It has the normal content of a first-year high school algebra course. Successful completion of this sequence prepares students for high school Geometry or Algebra II. Student should have a solid understanding of the concepts covered in pre-algebra before taking this class.

Expect 5-6 hours coursework per week including daily lessons and tests. Tests will be provided by the instructor. Course grades given based on homework, tests, and class participation. Books can be purchased used or from publisher.

11:20 AM - 12:20 PM CLASSES

American Literature – Alexandra Clark

Grade: 9 - 12

Class Size: 10 to 20

Cost: \$25 monthly, \$20 materials

Text: A book list will be provided

Prerequisites: None

Description: This American Literature course will adapt materials from Sonlight Curriculum's Core 400. This exciting curriculum promises to be well worth your student's time. We will study some of the greatest works of American literature. In coordination with the Civics class, your students will be delighted to see the hand of God so evident at every turn, in the establishment, growth, and preservation of this, "one Nation under God." Coursework will require reading, writing and in class participation. Possible reading selections include The Scarlet Letter, Huckleberry Finn, To Kill a Mockingbird, The Red Badge of Courage, The Grapes of Wrath, and The Crucible. This class will be coordinated with the Civics/American Government Class. Registration preference will be given to students who sign up for both classes.

Bible Memory Class: Colossians – Holly Postma

Grade: 4 - 9

Class Size: 10 to 20

Cost: \$10 monthly, \$15 materials

Text: NIV Bible

Prerequisites: None

Description: Bible memorization is a wonderful tool for growing in our faith, understanding who God and Jesus are, and improving our language skills. Colossians offers us an in-depth look at the person of Jesus Christ and His purposes in the life of believers. This book challenges us to look at what Christ has done for us and answer that astounding gift with lives that reflect His love and goodness. As our children enter their adolescence they are challenged by our culture and the changing demands on them. God's Word offers them the focus and discipline they need to thrive and find direction in a difficult season of life. We will be memorizing 2-4 verses a week on average and discussing their meaning and how to apply them to our lives. Homework will consist of practicing what we learn in class. Students can expect 20-30 minutes of practice per week. I am excited to discover together all this dynamic and challenging book has for us!

Creative Kids – Laurie Werre

Grade: PS (age 3) - K

Class Size: 7 to 12

Cost: \$24 monthly, \$40 materials

Text: None

Prerequisites: Potty Trained

Description: This fun class for pre-school aged children will focus on themes of interest to them. Some examples include: friends, apples, leaves, pumpkins, thankfulness, Christmas, snow and cold, dinosaurs, space, rainbows, bugs and seashore.

We will utilize picture books, sensory materials, puzzles, games, paint, crafts and more to keep your child engaged and learning about the world around them. An added bonus to the parent is an hour to attend your older children's classes. No homework required.

11:20 AM - 12:20 PM CLASSES**Earth Science – Rhonda Zeutschel****Grade:** 7 - 8**Class Size:** 12 to 20**Cost:** \$35 monthly, \$50 materials**Text:** Earth Science for Christian Schools, 2nd Ed; BJUP OR Space and Earth Science 3rd Ed; BJUP**Prerequisites:** None

Description: Explore the wonders of God's creation through this Jr. High level course in Earth Science. The course closely follows the Bob Jones curriculum as it covers Astronomy, Meteorology, Geology, and Oceanography. Additional supplemental materials on plate tectonics, volcanism, and earthquakes are presented as they can have a significant impact on our lives in Western Washington. Class time is a mix of multimedia based lectures and hands-on experimentation. The purpose of this class is to provide information and experimentation to complement the text in order to make the subject interesting and enjoyable. Homework is expected to take 1-2 hours per week as students are expected to read the text at home and complete homework assignments on the reading. Students are expected to procure their text - either text is acceptable.

Latin MS II – Deborah Langley**Grade:** 8 - 12**Class Size:** 7 to 22**Cost:** \$15 monthly, \$25 materials**Text:** Provided by teacher**Prerequisites:** Latin MS I or permission

Description: With emphasis on grammar, vocabulary and Latin translation, Latin MS II will be a continuation of Latin MS I. Parental attendance encouraged.

Manners For Moppets – Sharla Taylor**Grade:** 2 - 5**Class Size:** 10 to 25**Cost:** \$20 monthly, \$25 materials**Text:** Provided by teacher**Prerequisites:** None

Description: Children are often encouraged to "put on their best manners" while visiting friends, or attending a special event. Instead of "putting on" our best manners, let us "become" them. Learn valuable communication skills and shine from the inside out to develop true confidence. We will learn telephone etiquette, posture, introductions, table etiquette, personal care, being a gracious guest, being respectful, and much more. Glorifying God with good manners is key to building strong friendships and growing a strong self-esteem that will last a lifetime. Learning manners really can be fun.

11:20 AM - 12:20 PM CLASSES**Musical Theatre – Tina Matlock****Grade:** 4 - 8**Class Size:** 15 to 35**Cost:** \$30 monthly, \$60 materials**Text:** None**Prerequisites:** None

Description: If all the world's a stage, singing and dancing on it makes it more fun! The purpose of this class is to provide students with the opportunity to perform in a musical. In the process, they will be developing skills in acting, singing, movement, and team work so the end result will be a production they can be proud of. Attendance is very important. As a one hour class once a week doesn't allow for a lot of rehearsal time, it needs to be understood that there will be outside rehearsals scheduled on days when Legacy doesn't meet at OCC, and also near the performance dates so that continuity can be achieved. The show to be performed will be decided after class lists have been finalized.

Personal Finance – Nancy Lee Evans**Grade:** 7 - 12**Class Size:** 10 to 25**Cost:** \$25 monthly, \$40 materials**Text:** Workbook Provided**Prerequisites:** None

Description: Personal Finance will align to National Standards established by the JumpStart Coalition for Personal Financial Literacy. We will use short video clips, a workbook, demonstrations and special projects to teach Budgeting 101, Principles and Strategies for Saving, Investment Instruments and Options, Dangers of Debt, Consumer Awareness (schemes used to part us from our hard-earned cash), Basics of Negotiating (from purchases to salaries), Understanding Insurance and Real Estate/Mortgages. Homework will be short workbook assignments. Final grade will be based on unit assessments, a final exam and a student-designed project. Project ideas: develop a plan for a start-up business, analyze an investment in a publicly-traded company or document the negotiation of a first job or car purchase.

Preschool A-B-C – Debbie Gannon**Grade:** PS - K**Class Size:** 8 to 16**Cost:** \$20 monthly, \$30 materials**Text:** None**Prerequisites:** None

Description: A wonderful alphabet adventure awaits your preschooler! Children will learn pre-reading skills (letter recognition and beginning phonics) by focusing on a letter each week. We'll make apple prints for the letter "A", sing "This Old Dog" for the letter "D", glue "gold glitter" on our letter "G" page, eat jello for the letter "J", and make Noodle Necklaces for the letter "N". The adventure includes great books, rhymes and songs, fun games, and cool crafts - all centered around the letter of the week!

11:20 AM - 12:20 PM CLASSES**Sculpture And Pottery 1 – Isolde Beebe****Grade:** 1 - 4**Class Size:** 10 to 25**Cost:** \$25 monthly, \$75 materials**Text:** None**Prerequisites:** None

Description: In this course students will explore basic sculpture techniques and tools. They will work in a variety of materials such as clay, paper, wire, wood, stone, and mixed media. In clay we will create tiles, pinch pots, slab projects, coil projects, and sculptures. I will also highlight famous sculptors throughout the year such as Michelangelo and Henry Moore. We will have a different unit each month such as paper sculpture, wire, clay, bookmaking, paper mache', wood, stone, and mixed media. We will make sketches to plan out our idea, watch demonstrations, and then create our final projects. There is no text or homework for this class. I also like to start each class with prayer and relate each project back to the most creative artist: God!

Storytelling/Book Report Adventures – Rita Rothlisberger**Grade:** 5 - 7**Class Size:** 7 to 22**Cost:** \$20 monthly, \$25 materials**Text:** Books chosen from provided booklists**Prerequisites:** None

Description: Does writing a book report leave a dry hack in the back of your mouth? Do your children sit, eyes glazed over, stupefied with book reportitis? This fun and interactive class will combine elements of drama and storytelling to enhance written and oral book reports. Yes, we will still write book reports, but hopefully we can creatively spark imagination and enhance retention, and understanding through incorporating elements of drama, storytelling/writing, role-playing, visual aids and props. Engaging more senses in the reading/writing process draws the child into greater fascination with language. Books will be chosen from a supplied book list or with teacher permission.

Strength And Conditioning – Greg Wise**Grade:** 9 - 12**Class Size:** 8 to 12**Cost:** \$25 monthly, \$30 materials**Text:** None**Prerequisites:** None

Description: To improve aerobic capacity, muscular strength, endurance and flexibility. Aerobic conditioning will primarily be done by outdoor running, muscular strength will be achieved through weight training and floor exercises. Muscular and cardiovascular endurance will be increased through supersetting and circuit type training. Flexibility will be enhanced through a series of active and static stretching. It is strongly recommended that students perform aerobic and resistance type training an additional 3-4 days per week to achieve optimal results and to prevent injury. Exercise routines that can and should be done at home will be covered as well as learning how to journal workouts. An assessment will be done at the beginning of the year and at the end to see how overall fitness improved during the school year. Grades will be given every 3 months and will be awarded by consistency of journaling workouts, not by how well a student performs exercises.

11:20 AM - 12:20 PM CLASSES**Study Skills – Shelly Pearson****Grade:** 9 - 12**Class Size:** 5 to 25**Cost:** \$20 monthly, \$20 materials**Text:** Study Power by William Luckie and Wood Smethurst**Prerequisites:** None

Description: "School success is not directly related to intelligence, quickness, ambition, or any other such characteristics. Primarily, it comes from the ability and desire to manage your work and your time effectively." (Introduction to Study Power) This class gives students the tools to manage their work and time and thus manage their learning. Topics covered include listening skills, note taking, study reading, time management, memorization, preparing for tests, test anxiety, organizing information, and writing reports. Students will be assigned weekly reading and assignments designed to practice the skills presented. Tests and quizzes will cover the text and class lectures. A formal research paper and oral presentation will be assigned in the spring.

The Writing Road To Reading – Heidi Frank**Grade:** K - 2**Class Size:** 7 to 16**Cost:** \$20 monthly, \$25 materials**Text:** None

Prerequisites: Able to hold a pencil and write uppercase letters

Description: There is a method to the madness of the English language! By learning the 70 phonograms of our language both written and orally, students will embark on a journey of discovery that will enhance their ability to read and spell! With fun activities, games, and songs, we will learn to apply rules that will allow your child to win the battle of decoding and spelling any word they encounter. This class is a great way for parents to reap the many benefits the Spalding Method provides without having to go through the training yourself. Homework will include practicing the week's phonograms both written and orally, and practicing the weekly spelling words. Great for students who are just beginning to learn sounds, as well as those who have begun the reading process. A great multi-sensory approach to language arts that could be your LA instruction for the year.

11:20 AM - 12:20 PM CLASSES**U S History – Kirby Wilbur****Grade:** 8 - 12**Class Size:** 25 to 40**Cost:** \$25 monthly, \$0 materials**Text:** America The Last Best Hope, by William Bennett, 2 Volumes.**Prerequisites:** None**Description:** We will study the history of the United States from a Christian worldview perspective. I think Bill Bennett's text is the best on the market, and it has an extensive online support system available for around \$10.00 annually. Grades will be based on tests and one paper per semester. Students should plan to study roughly one hour a day, separate from paper preparation. The texts are available in paper or hardback. Parents should plan on one meeting this year to go over the online support system. The War of Independence, adoption of the Constitution, Civil War, WWII and the Cold War are periods which will be emphasized. The theme of American exceptionalism will be stressed.**Washington Live! – Terry Brenna****Grade:** 6 - 8**Class Size:** 8 to 20**Cost:** \$20 monthly, \$32 materials**Text:** Lyrical Life Science Volumes 1 & 2 by Doug and Dorry Eldon (ISBN #09646367-00 and -27). Purchase of workbooks and tapes/CDs are optional.**Prerequisites:** None**Description:** From euglena to elephants, from plants to planaria, enjoy a year of celebrating life! We'll study all living things with an entertaining twist - memorable melodies that help us reinforce and remember the science. Classes will alternate between lecture and demonstration by the instructor followed by "show and tell" presentations by the students. Emphasis will be placed on flora and fauna of Washington State and creation that defies evolution. Home work will consist of reading a chapter, writing vocabulary cards, learning a song, completing a worksheet, and preparing the next week's presentation.**Writing For Elementary – Kimberly Williams****Grade:** 2 - 3**Class Size:** 12 to 18**Cost:** \$18 monthly, \$24 materials**Text:** 3-ring binder, subject dividers, and thesaurus required**Prerequisites:** None**Description:** This class is designed as a beginning writing class for elementary aged students. Within that framework, we will include vocabulary building, listening skills, and thinking skills. Writing activities will include: writing poetry, what makes a sentence, sentence building, using a thesaurus, brainstorming, story journals, book reports (some reading required), simple paragraphs, and more. Listening and thinking skills will include: following directions, vocabulary development, verbal sequencing, verbal classification and more. There will be homework assignments, which may include take home worksheets, journal activities, and short writing assignments. Approximate homework time: 1-2 hours per week.**11:20 AM - 12:50 PM CLASSES****Human Anatomy And Physiology – Cydney Adler****Grade:** 9 - 12**Class Size:** 8 to 24**Cost:** \$35 monthly, \$55 materials**Text:** Human Body Fearfully and Wonderfully Made, Jay Wile ISBN-10: 1932012095 ISBN-13: 978-1932012095 and Anatomy Coloring Book, Wynn Kapit, ISBN-10: 0805350861**Prerequisites:** High School Biology and Chemistry preferred but not required**Description:** This is Apologia's advanced biology course. Combined with Exploring Creation With Biology, these two courses together cover the entire "advanced placement" (AP) curriculum. It is preferred (but not required) that students have completed a High School Biology course and preferably, a first-year chemistry course. It covers both the anatomy and the physiology of the human body's 11 organ systems in detail. Please note the reproductive system is covered in detail, including frank (not pornographic) illustrations and descriptions. This course contains many experiments, and includes microscopy and dissection. Class time will be used for lecture, videos and experiments. Students will be expected to read 20-25 pages of text, complete study guides, quizzes and lab notebook entries for each module (2 weeks/module). I do not recommend by-passing grade requirements.**1:00 PM - 2:00 PM CLASSES****Adventures In Art 1 – Rita Rothlisberger****Grade:** 1 - 4**Class Size:** 7 to 16**Cost:** \$25 monthly, \$80 materials**Text:** Personal supplies of \$30 or less**Prerequisites:** None**Description:** Adventures in Art is a fun way to explore some of the many different facets of art expression. Students will learn to use a variety of mediums such as tempera, watercolor, pastel, acrylic, collage, colored pencil, and clay. Students will be introduced to great artists who are masters in their medium. They will learn art vocabulary, as well as science and math facts that pertain to the art field. They will explore the different art styles and gain confidence as they discover their own personal style of art expression. All materials are provided in the materials fee, except a few personal supplies they will need. There will be little to no homework, but students may want to practice on their own.

1:00 PM - 2:00 PM CLASSES**Bible Memory Class: James – Holly Postma****Grade:** 2 - 6**Class Size:** 10 to 20**Cost:** \$10 monthly, \$15 materials**Text:** NIV Bible**Prerequisites:** Reading

Description: This class will be an exciting and energetic pursuit to hide God's Word in our hearts! We will endeavor to memorize all of James over the course of the year. Our homework time will depend on each student's ability and interest but they can expect 15 to 30 minutes of practice time each week. Our culture confronts our children daily. They are challenged by information and images that threaten and confuse their faith. As parents we have the joyous responsibility to carry out the scriptural mandate to train them in the way they should go. By hiding God's Word in their hearts and ours we arm them with the Word of Truth and give them answers for the tough questions they will confront as they grow and mature. Join us for this exciting adventure!

Body Works 456 – Nanette Graf**Grade:** 4 - 6**Class Size:** 8 to 16**Cost:** \$20 monthly, \$45 materials**Text:** None**Prerequisites:** None

Description: Discover the wonder of God's greatest creation-the human body. The first part of the year will be spent becoming familiar with the major systems in the body, learning how the systems function as well as how to keep them healthy. Hands-on activities will be an important part of this class as we look at bones and muscles, dissect sheep organs, and build models to demonstrate how the body works. In class, students will explore some of the interesting things that their bodies do. The second part of the year will be spent introducing students to basic first aid. Students will learn to recognize and respond to emergencies, administer basic first aid, and assist a choking victim. Homework 30-60 minutes per week.

1:00 PM - 2:00 PM CLASSES**Civics/American Government – Alexandra Clark****Grade:** 9 - 12**Class Size:** 10 to 20**Cost:** \$25 monthly, \$20 materials**Text:** Basic American Government**Prerequisites:** None

Description: This Civics/American Government Class will be adapted from Sonlight Curriculum's Core 400. We will be using Carson's Basic American Government as the text for the course. According to Sonlight, this year your students will travel to battlefields and back rooms to discover the people, places and events that shaped the Constitution of the United States. Coursework will require reading, writing and in class participation. This class will be coordinated with the American Literature Class. Registration priority will go to students who sign up for both sections.

Draw & Sketch: Advanced – Michael McDevitt**Grade:** 7 - 12**Class Size:** 6 to 16**Cost:** \$40 monthly, \$85 materials**Text:** Personal Supplies \$60**Prerequisites:** Draw & Sketch: Intro (no exceptions)

Description: This class is a continuation of the formal process of creating realistic art. Advanced skills related to the application of value, texture, and fine detail will be grasped through exercises in drawing. The emphasis will be on improving skills acquired in Draw & Sketch: Intro. Design and composition will be underscored with some exposure to perspective and photo reference. Craftsmanship will be stressed throughout. Homework will be assigned weekly. This class will be very useful to any advanced student wishing to draw real things with more confidence.

Excel as a Decision Making Tool: Core Workplace Skills – Seth Clemons**Grade:** 9 - 12**Class Size:** 10 to 25**Cost:** \$35 monthly, \$65 materials**Text:** Students must have latest version of Excel and PowerPoint. Instructor will purchase with materials fee unless already owned, then fee is \$35.**Prerequisites:** Students must have a laptop in class and for homework with an accurate homework calendar and an email they check regularly.

Description: Using Excel to facilitate best decision making is the absolute core skill set needed for jobs in marketing, operations, engineering, accounting, and finance. When I hire for my team, candidates must demonstrate ability to manipulate a data set into useful information using Excel. In this class, we'll build decision making models for evaluating car purchases, colleges to consider, renting vs. buying a home, and a retirement saving calculator. We'll manipulate data sets to determine where to build a business, what product to sell and at what price, and to identify process bottlenecks. We'll present our findings in concise, visual presentations using PowerPoint, just like you would to executive management at Microsoft. Expect two hours of homework weekly.

1:00 PM - 2:00 PM CLASSES**Gym – Greg Wise****Grade:** 4 - 5**Class Size:** 15 to 20**Cost:** \$20 monthly, \$20 materials**Text:** None**Prerequisites:** None

Description: Physical fitness through a variety of activities to include: running, calisthenics, relays, and games. Emphasis will be on drills and games to aid in the coordination and development of skills for a variety of sports. Class breakdown generally includes 4 count calisthenics, marching/military movements, running, some type of game or activity, and a relay. Once a month a P.T. test will be conducted which includes a timed run, push-ups and sit-ups to gauge the students' progress. No Prerequisites.

Intermediate Guitar – James Jensen**Grade:** 6 - 12**Class Size:** 8 to 20**Cost:** \$22 monthly, \$35 materials**Text:** Supplied**Prerequisites:** Beginning Guitar or equivalent.

Description: This class will begin where the Beginning Guitar class left off, and offer students the opportunity to increase their ability and enjoyment. A greater number of chords and techniques will be learned including sight reading, strums, finger picking, and bar chords. Students will learn many praise and worship songs that will increase in difficulty as well as some music theory. The goal of the class is to equip students with the ability to play in various ministry situations including children's programs and youth worship.

Latin MS I – Deborah Langley**Grade:** 7 - 12**Class Size:** 7 to 22**Cost:** \$15 monthly, \$25 materials**Text:** Provided by teacher**Prerequisites:** None

Description: Latin MS I will enhance English vocabulary and grammar. Students will learn 1st and 2nd conjugation verbs in the present, future, and imperfect tense. We will learn 1st and 2nd declension nouns and the use of subject, direct object, predicate nominative, possessive forms, indirect object, appositions, vocative case and adjectives in Latin and English sentences. The student will be able to translate selected Latin to English as well as English to Latin sentences. Parental attendance highly encouraged.

1:00 PM - 2:00 PM CLASSES**Little House On The Prairie Book Club – Sheryl Cooke****Grade:** 2 - 4**Class Size:** 7 to 20**Cost:** \$20 monthly, \$35 materials**Text:** Little House in the Big Woods, Little House on the Prairie, Farmer Boy & These Happy Golden Years**Prerequisites:** 2nd grade reading level or above

Description: Celebrate the spirit, history, and heritage of Little House with fabulous reading, journaling, vocabulary, book discussions, and weekly craft activities. Students will share their journals in class and do several short reports during the class year. Using the popular Laura Ingalls Wilder series, children will adventure into the life of pioneers and draw comparisons between pioneer life and their own. I hope your student will enjoy this journey back in time, uncovering the exciting adventures of unforgettable pioneer girls and their families. Students will supply the books; all other supplies provided by the teacher. Homework: An hour per week

Math Olympiad Division M – Jing-Ping Chen**Grade:** 6 - 8**Class Size:** 7 to 20**Cost:** \$27 monthly, \$20 materials**Text:** None**Prerequisites:** Permission from the instructor is needed for 6th graders who are interested in this class.

Description: The description of this class is the same as that of Math Olympiad (Division E). This class is only for middle schoolers as the mathematical concepts, topics and five monthly contests are at higher levels than Math Olympiad (Division E). For those who have already taken Math Olympiad (Division E), this class should provide continuous fun in the study of math. For those who have not taken Math Olympiad (Division E) class, this class provides an incentive to intensify their study of math. 6th graders should take the Math Olympiad Division E class before taking this class.

Music And Movement – Sarah Snodgrass**Grade:** PS (age 3) - 1**Class Size:** 8 to 16**Cost:** \$20 monthly, \$25 materials**Text:** None**Prerequisites:** Potty trained

Description: Children love music and learn best when they are moving and having fun! In this class, we will combine music, rhythm instruments, fingerplays, stories and dancing. While dancing with maracas, pounding on a drum, or clapping a steady beat, your child will be developing their gross motor skills and hand-eye coordination. While doing motions to poems and fingerplays your child will be developing their fine motor and early literacy skills. At the same time, they will be growing their ability to cooperate with others and follow directions, while using their abundant energy to move to the music!

1:00 PM - 2:00 PM CLASSES**Physical Science – Rhonda Zeuschel****Grade:** 8 - 9**Class Size:** 8 to 16**Cost:** \$35 monthly, \$80 materials**Text:** Physical Science, 4th Edition, BJUP 2008**Prerequisites:** Completion of pre-algebra

Description: This class presents an introduction into the basic principles of chemistry and physics which will provide a solid foundation for more advanced courses in high school biology, chemistry, and physics. It also provides an alternative course for those not desiring to take an entire year of physics or chemistry in high school, but realize the need for a basic understanding of chemistry and physics. Topics covered include: properties of matter, atomic structure, chemistry of matter, machines, mechanics, heat, electricity, sound, and the electromagnetic spectrum. Class time is devoted to short lecture followed by laboratory experiments which will compliment the reading. Laboratory skills and safety will be emphasized. Homework: 3-4 hours/week. The student will be expected to read 10-20 pages of text, complete weekly worksheets, and write occasional lab reports.

Preschool Nature And Numbers – Debbie Gannon**Grade:** PS - K**Class Size:** 8 to 16**Cost:** \$20 monthly, \$30 materials**Text:** None**Prerequisites:** None

Description: This class will introduce nature and numbers in a fun and creative way, giving children a broad introduction to math and science. We'll learn about shapes, numbers and days of the week, as well as seasons, animals, safety, taking care of our bodies, the five senses and the world God created - all through captivating and educational stories, active games and learning and fun crafts that reinforce our learning!

1:00 PM - 2:00 PM CLASSES**Print Media Through Yearbook – Beth Clemons****Grade:** 9 - 12**Class Size:** 4 to 15**Cost:** \$25 monthly, \$150 materials (Please contact teacher regarding details on materials fee.)**Text:** Student Edition Adobe CS4 (or later) InDesign and Photoshop licenses will be purchased w/fees. MS Word, Excel, and email management also used.

Prerequisites: Must have a laptop for use during class that can handle the software mentioned above and access to the internet/email from home. If the materials fee is prohibitive, students are welcome to participate outside of class as a volunteer, including non-Thursday workdays (at least two of these during the year, based on classrooms' schedules). Students with digital cameras will also have opportunities to use them.

Description: Creatively envisioning a commemorative book for nearly 500 students and seeing it come to life in print is occupational education is at its best! In this elective-qualified class we will:

Collect and create images, text, and graphics for use in print, manipulating those using classical and digital artistry.

Create print documents that effectively communicate information and evoke the goal-response of the project (i.e. reflection, nostalgia, excitement, a sense of community).

Manage a project workflow from design to completion.

Market and sell a desirable product to customers, including income, expense, and general data management.

Work with local business to create the physical book, learning industry standards and vocabulary, gaining confidence working in new or unknown areas.

Sculpture and Pottery Advanced – Isolde Beebe**Grade:** 5 - 9**Class Size:** 10 to 25**Cost:** \$25 monthly, \$80 materials**Text:** None**Prerequisites:** None

Description: In this course students will explore basic sculpture techniques and tools. They will work in a variety of materials such as clay, paper, wire, wood, stone, and mixed media. In clay we will create tiles, pinch pots, slab projects, coil projects, and sculptures. I will also highlight famous sculptors throughout the year such as Michelangelo and Henry Moore. We will have a different unit each month such as paper sculpture, wire, clay, bookmaking, paper mache', wood, stone, and mixed media. We will make sketches to plan out our idea, watch demos, and then create their own final projects. There is no text or homework for this class. I also like to start each class out with prayer and relate each project back to the most creative artist God!

1:00 PM - 2:00 PM CLASSES

Spanish Is Fun 1-B – Susy Monroe

Grade: 7 - 10

Class Size: 10 to 20

Cost: \$25 monthly, \$30 materials

Text: Spanish is Fun 1

Prerequisites: Have taken Spanish is Fun 1-A or, with teacher's clearance, if have studied verb conjugation (present tense) in Spanish

Description: We will continue where Spanish is Fun 1-A left off, learning the second part of the text book Spanish is Fun 1. We will have a review of the first part of the book the first 2-3 weeks. If you have studied Spanish and know how to conjugate verbs in the present tense, then you can join the class without taking Spanish is Fun 1-A (but will need clearance from teacher). We will have Bible verses memorization and games. I will continue to emphasize good pronunciation by reviewing vowel sounds and practicing in many ways. Homework will consist of 1-3 hours per week, and as much time as each student decides to practice to acquire fluency.

Verbal Arts For Elementary Students – Jenny Holmes

Grade: 3 - 6

Class Size: 10 to 20

Cost: \$18 monthly, \$25 materials

Text: Provided by teacher

Prerequisites: Basic reading skills

Description: Some kids love to talk, while others barely speak above a whisper. This class is designed to give the younger child an opportunity to speak with and in front of others. They will build confidence and learn how to channel their energy in a productive way in order to focus and communicate a message or entertain with a story. Units of study will include activities such as reading aloud, impromptu sharing, Reader's Theater, storytelling, puppetry, and expository speech. Assignments are fun and designed to help students gain confidence and skill in real life speaking situations.

A weekly homework page is given. Estimated homework time approximately 15-30 minutes a week, usually consisting of practicing their "performance" piece. No memorization required. Questions - pej1985@comcast.net

Writing For High School Level 2 – Kimberly Williams

Grade: 10 - 12

Class Size: 12 to 18

Cost: \$25 monthly, \$25 materials

Text: Binder & Thesaurus: Student Supplied; "Grammatically Correct" by Anne Stilman: Teacher Supplied

Prerequisites: Some formal writing background is expected. Contact instructor with questions.

Description: This class will provide a writing program developed from various teacher resources. It will include style and mechanics skills, various essay forms, timed in-class writing, practice with editing and revising, an argumentative research paper and other college prep writing. We will sharpen various writing skills including development of strong topic/sentence, correcting dangling modifiers/wordy sentences/misplaced commas, correct usage of phrases and clauses, etc. Through the argumentative paper, students will learn to use MLA notation. The course will be more rigorous than the Level 1 HS course and will offer a variety of writing forms and skills in order to provide a broad base for a college prep writing experience. Homework: Approximately 4-6 hours per week.

2:10 PM - 3:10 PM CLASSES

Adventures In Narnia – Alexandra Clark

Grade: 6 - 8

Class Size: 10 to 20

Cost: \$25 monthly, \$30 materials

Text: Chronicles of Narnia

Prerequisites: None

Description: Discover Narnia! This introductory literature and writing course for middle school will be an exciting trip through the famous C. S. Lewis books. We will write, do vocabulary and comprehension study, as well as some fun projects. Discussion will cover general themes and Biblical and Literary allusions. This is a great foundational literature course and will take us Further Up and Further In!

Algebra II – Kristine Grigas

Grade: 10 - 12

Class Size: 8 to 18

Cost: \$35 for Alg II, \$15 materials

Text: Algebra and Trigonometry, Functions and Applications, Paul Foerster, ISBN: 0201324601 or 0201861011, Solution Manual, ISBN: 0201252864

Prerequisites: Completion of rigorous Algebra I and Geometry classes, optional placement test available from instructor

Description: Topics include linear functions, systems of equations and inequalities, complex numbers, quadratic, exponential, Logarithmic, rational and irrational Algebraic Functions, and quadratic Relations. Algebra is presented as a study of special classes of functions. In the process, relationships between theory and real-world applications are thoroughly explored.

Student must have a solid understanding of Algebra I and Geometry before taking this class. Expect 5-7 hours coursework per week. Tests will be provided by the instructor. Course grades given based on homework, tests, and class participation.

Books can be purchased new or used.

2:10 PM - 3:10 PM CLASSES

Body Works 678 – Nanette Graf

Grade: 6 - 8

Class Size: 8 to 20

Cost: \$25 monthly, \$50 materials

Text: Lyrical Life Science, Vol. 3-The Human Body, text and CD only, to be provided by student. Available online at Sonlight.com or amazon.com

Prerequisites: None

Description: Discover the wonders of God's greatest creation-the human body. We will begin the year by becoming familiar with the major systems of the human body; learning how they function as well as what the student can do to remain healthy. In class we will look at bones and muscles, dissect sheep organs, and build models to demonstrate how the body works. Students will learn about nutrition as they record and evaluate their own food choices. Studying Greek and Latin roots will enable students to understand vocabulary related to the body. During the second part of the year students will learn CPR as well as basic first aid including how to deal with bleeding, burns, choking, fractures, poisoning, and shock. Homework 1-2 hours per week.

Creation Science – Kathie Stabbert

Grade: K - 3

Class Size: 8 to 20

Cost: \$18 monthly, \$40 materials

Text: None

Prerequisites: None

Description: Based upon Genesis 1, we will discover God's creation through science. We will examine the basics of the earth, the air, the sky, land, and seas. We will learn the planets, look at the needs of plants, talk about animals, and the basics of humans. This will be done through a variety of in-class activities that will give your child a solid beginning in the love of science.

2:10 PM - 3:10 PM CLASSES

Draw & Sketch: Intro – Michael McDevitt

Grade: 6 - 12

Class Size: 10 to 16

Cost: \$35 monthly, \$75 materials

Text: Personal Supplies \$60

Prerequisites: None

Description: This class is an introduction to formal processes of creating realistic art. Basic understanding of light and form will be grasped through exercises in drawing with various media, including pencil, charcoal, and ink. The emphasis will be on improving observation, editing, and motor skills applied to drawing real world objects. Design and composition will be underscored. Craftsmanship will be stressed throughout. Homework will be assigned weekly. This class will be very useful to any student wishing to draw realistically.

Gym – Greg Wise

Grade: 6 - 8

Class Size: 15 to 30

Cost: \$20 monthly, \$20 materials

Text: None

Prerequisites: None

Description: Physical fitness through a variety of activities to include: running, calisthenics, relays, and games. Emphasis will be on drills and games to aid in the coordination and development of skills for a variety of sports. Class breakdown generally includes 4 count calisthenics, marching/military movements, running, some type of game or activity, and a relay. Once a month a P.T. test will be conducted which includes a timed run, push-ups and sit-ups to gauge the students' progress. No Prerequisites.

Health – Sky Blake

Grade: 6 - 12

Class Size: 15 to 30

Cost: \$25 monthly, \$30 materials

Text: Total Health, Choices for a Winning Lifestyle - June 30, 2005 by Susan Boea Christian author. (Students will need to purchase text prior to the first day of class.)

Prerequisites: None

Description: Need health credit or want to learn healthy tips to aid in maintaining life-long health and well being? This class will cover a vast array of health topics and conversations which include: Spiritual Health, Family Health, Injury Prevention, Community and Environmental Health, Nutrition, Physical Activity, Mental and Emotional Health, Alcohol and Tobacco Awareness and Prevention, and Consumer Health. Students will have about an hour of homework each week. * Lead a healthy lifestyle, leave a healthy legacy. *

2:10 PM - 3:10 PM CLASSES**Intermediate Band – Robin Stangland****Grade:** 5 - 12**Class Size:** 15 to 35**Cost:** \$30 monthly, \$0 materials**Text:** TBA**Prerequisites:** Be ginning Band or prior experience on their instrument. Able to play through a first year band book.**Description:** Intermediate Band is geared toward instrumentalists who have played their instrument one to three years and have finished any band method book. Students must be able to read music. This is a concert band, which includes all traditional woodwind, brass, and percussion instruments. There are no strings, guitar, or piano. We will have two concerts per year and one band festival in March. Attendance is required at all performances. Students are expected to practice 20-30 minutes a day, 5 times a week. Sheet music will be on loan to the student and must be turned in when done. Students can play in any number of bands for one price. If you have any questions, email Robin at stangla@comcast.net.**Logic – Betty Lou Schindler****Grade:** 8 - 12**Class Size:** 6 to 15**Cost:** \$25 monthly, \$0 materials**Text:** Canon Press Introductory and Intermediate Logic Workbooks by Wilson and Nance; ISBN 1-59128-034-7 & 1-59128-035-4**Prerequisites:** None**Description:** Logic is the basis for success in any area of study as it builds a habit of orderly thinking. This course study of classical logic will help students develop clear reasoning skills. When covering categorical logic, we will gain understanding of the square of opposition and testing syllogisms. During the second semester we will cover propositional logic. Students will also learn to recognize contradictory reasoning and common fallacies. We will examine how we think as we understand terms, make judgments and reason to a conclusion. Five to six hours of work outside of class will be required each week. Class website will have assignments, tests, and grade documents, so Internet access is needed. Parents ensure that their student is completing and correcting each daily assignment.**2:10 PM - 3:10 PM CLASSES****Music Fundamentals – Sarah Snodgrass****Grade:** 2 - 5**Class Size:** 8 to 20**Cost:** \$20 monthly, \$25 materials**Text:** None**Prerequisites:** None**Description:** This class will introduce many basic music concepts that will prepare your child to learn to read music for voice or any instrument. Through fun, interactive lessons students will learn to identify the notes on the bass and treble staves, read and count different rhythms, understand concepts of tempo, and more. We will learn how different notes relate to each other using solfege (do, re, mi) and hands on interaction with a xylophone. We will also experiment with composing melodies on the xylophone and learning to write those melodies on staff paper. Your child will complete this class with a great musical foundation and confidence!**Preschool Happy Holidays – Debbie Gannon****Grade:** PS - K**Class Size:** 8 to 16**Cost:** \$20 monthly, \$30 materials**Text:** None**Prerequisites:** None**Description:** What is Labor Day really about? We'll learn about and have fun with many of our nation's holidays - President's Day, Christmas, Groundhog Day, May Day, Palm Sunday, and Valentine's Day just to name a few! We'll also celebrate the lives of these precious preschoolers by having quarterly combined birthday parties. The children will learn about and celebrate the history and tradition of the main holidays through stories, crafts, food samples and games.

2:10 PM - 3:10 PM CLASSES**Spell To Write And Read – Alice San Martino****Grade:** 4 - 6**Class Size:** 7 to 15**Cost:** \$25 monthly, \$20 materials

Text: Parents must purchase: Spell to Write and Read by Wanda Sanseri, ISBN# 10880045-21-4, 2003 edition, \$35, 70 Basic Phonogram Cards \$13, Spelling Rule Cards \$8, Phonogram CD \$9, Word Bank Masters \$2. (Copying and assembly for Word Bank <\$10). Local vendor, Sarah Moser 425-643-8519. Please note: If you have multiple students enrolled in Spell to Write and Read classes, you only need to purchase one set of class texts per family. Materials also needed (1 set/student): (2) 1-1/2" binders with pockets, 1-8 tab dividers, A-Z tab ready index dividers w/ a divider for every letter, plastic zipper pocket, several red and regular pencils. Copying and assembly required for Word Bank.

Prerequisites: Ability to read and preferably write in cursive

Description: Using a variety of games and activities, students will learn the 70 basic ways to spell all 45 English sounds. In addition, they will begin to learn the 28 spelling rules. Students learn to write and say the symbols representing the sounds of speech. Next, with teacher guided dictation, they learn to sound out and write spelling words. Logical thinking will be incorporated as students learn to mark spelling concepts in words. Weekly homework will be assigned via email. Parents are expected to dictate spelling words and assist with homework every week to ensure we progress through the program at an appropriate pace. Students will independently mark the words at home and then we will analyze/correct in class. SWR integrates language arts including grammar, composition, vocabulary, and spelling. Parents are encouraged to attend class when possible.

That's Greek To Me! – Terry Brenna**Grade:** 4 - 6**Class Size:** 10 to 25**Cost:** \$20 monthly, \$32 materials**Text:** Provided by teacher**Prerequisites:** None

Description: Our world is filled with gifts from the Greeks! From alpha to omega, study of the Greek alphabet and introductory overview of the language used during New Testament times is useful for understanding God's Word. We'll also explore influences of ancient and modern Greece including famous Greeks, myths, legends, heroes, foods, geography, arts, and culture. Students will be able to expand their English vocabulary by learning Greek roots and derivatives, and practice their writing and presentation skills with several reports. Homework consists of weekly review and research for the next week's discussion, approximately two hours per week, plus report work. (Please note this is more a Humanities class than a typical Foreign Language class.)

2:10 PM - 3:10 PM CLASSES**Writing For High School Level 1 – Kimberly Williams****Grade:** 8 - 10**Class Size:** 12 to 18**Cost:** \$25 monthly, \$25 materials

Text: Binder & Thesaurus: Student Supplied; "Grammatically Correct" by Anne Stilman: Teacher Supplied

Prerequisites: None

Description: This class will provide a writing program developed from various teacher resources. It will include various paragraph formats, style and mechanics skills, some essays, and other high school writing. We will sharpen various writing skills including development of strong topic/thesis sentence, correcting dangling modifiers/wordy sentences/misplaced commas, correct usage of phrases and clauses, etc. Students will work on a variety of paragraph forms, several short essays, and an MLA documented research paper. The course will offer a variety of writing forms and skills in order to provide a broad base in writing experience. This course for younger High School students will develop a base for enrollment in more advanced writing courses. Homework: Approximately 4-5 hours per week.

2:10 PM - 3:40 PM CLASSES**French 1 – Jolie Wolcott****Grade:** 8 - 12**Class Size:** 6 to 20**Cost:** \$25 monthly, \$20 materials**Text:** On y Va**Prerequisites:** None

Description: French 1 will be a comprehensive course with the On y Va curriculum--textbook and workbook--that covers vocabulary, grammar, pronunciation/dictations, and cultural context. Reading, writing, speaking, and listening/translating will be part of our learning together. The On y Va curriculum is a two year program. Text and workbooks will be in addition to the materials fees.

Musical Theatre Performance/Broadway Revue – Tina Matlock**Grade:** 8 - 12**Class Size:** 10 to 25**Cost:** \$30 monthly, \$50 materials**Text:** None**Prerequisites:** None

Description: The focus of this class is to give the students an opportunity to perform. Students will work on vocal technique and stage movement/choreography as they put together solo, duet, and ensemble numbers from musicals that will result in a revue, tailored to the talents of the students enrolled, to be presented as their final project on the second to last Thursday of Legacy. Each student is expected to work on his/her music at home during the week and memorize each song as it is learned. Due to the nature of the class, weekly attendance is very important. There will be out-of-class rehearsals scheduled for solo work, dress rehearsal, and extra rehearsals on days when Legacy cannot meet at OCC.

2:10 PM - 3:40 PM CLASSES

Physics – Rhonda Zeutschel

Grade: 10 - 12

Class Size: 8 to 16

Cost: \$40 monthly, \$80 materials

Text: Exploring Creation with Physics: 2nd Ed, Apologia Educational Ministries. Students will also need a calculator with trig functions and scientific notation

Prerequisites: Completion of Algebra I

Description: Not only is physics fun, physics is the most elegant and fundamental of the sciences - it is a study of matter, energy, space and time. As chemistry is nothing more than the applied laws of physics and modern biology is merely applied chemistry, a scientific understanding of the world requires a knowledge of physics. In the mathematical precision of the laws of physics which apply to the universe, the hand of the Creator is revealed. This course uses a rather simplistic text and focuses on the basics of physics: Motion in one and two dimensions, Newton's Laws, Work, Energy, Waves, Optics, Electricity, and Magnetism. Class time will include both lecture and lab. Labs will include extensive work with computerized sensors introducing students to a level of technology not readily available in most classrooms. Homework includes reading text, completing problem sets and writing lab reports. Homework is expected to take 5 - 8 hours/week. While physics is fun, expect a LOT of math - solid math skills and completion of Algebra I is required.

Legacy Teacher Disclaimer Note

Legacy does its best to screen teachers for capabilities and qualifications. Each teacher is given a list of responsibilities, policies, and expectations. It is required that they personally ascribe to our Statement of Faith and Mission Statement. In addition, to further guard the safety of our children, we keep on file a current clearance by the Washington State Patrol of Criminal History Background Check Division to verify no criminal convictions are on record in this state. We recognize teaching style and personality vary among instructors and we in no way guarantee your satisfaction of any given teacher or class. If you are unhappy with a teacher, you are under no obligation to continue the course. If your complaint is based on personality or style, we ask you to withdraw quietly without spreading dissension among other co-op families. If your issues are more serious in nature, we ask that you please inform the Board of specific behaviors which have raised your concern. We encourage our parents to take their concerns to the teacher before contacting the Board. Again, please exercise discretion when discussing issues with others at Legacy. Students withdrawing from a class are required to pay an early withdrawal penalty equal to four weeks of tuition class from the date of withdrawal.
